Director of Residential Life

Dr. Christine Bender

Hello Residential Life Student Leaders! I am Dr. Christine Bender, Director of Residential Life. It is hard to believe we are already beginning to cycle back into another exciting academic year but I am definitely looking forward to the "life" that is brought back to campus when we are fully housed.

I have recently finished my 6th year here at UCR and have truly loved my time working here and hope that you will find working in this department, as rewarding and beneficial as I hope for you. This team works hard to provide not just a positive residential experience for our residents but also a positive, meaningful, and fulfilling experience for you all as student leaders working in the department. One thing I have learned over the years is that every experience in life is dictated by what you put into it. Think about what you want to get out of your position, give the energy you want to see given back to you, and enjoy this crazy ride they call working in Residential Life. Looking forward to meeting and engaging with all you in the upcoming months.

P.A.A Team

Hello Highlander Student Leaders! My name is Santiago Sandoval and am very excited to begin this new role as the Assistant Director for Academic Living Learning Communities & Initiatives! A little about myself: I was born and partially raised in Inglewood, CA until my High School years, where my family moved to Moreno Valley, CA. I proceeded my higher education locally by attending Riverside Community College until I transferred to UC Irvine as a Music (Classical guitar performance) and Criminology major (C.O. 2014). I attended Cal State Fullerton for my Masters in Education (C.O. 2019), which is where I initially began my journey working in Housing & Residential Life Departments through Cal Poly Pomona, Soka University, & CSU Long Beach (most recently). I enjoy hanging out with my Wife (Denise) and dog (Whiskey Pete Jr; Pitbull) on the evenings and on the weekends. We are currently expecting our first child, which has been very exciting and nerve-racking! Additionally, I enjoy binge watching TV shows (reality tv included), watching movies, and staying physically active. I look forward to meeting you all this coming quarter!

Hello everyone! I hope you all had a relaxing summer! My name is Anh-Thy (pronounced ann-tee) and I will be the ARD for Academics this year (go PA-A's)! I've been in ResLife as an RA in AI and Lothian and was ARD of Lothian two years ago. Obviously I love this job, and I hope you all grow and learn from your roles too. Outside of this role, I'm a huge fan of K-dramas, boba and lifting. My biggest advice to you all is to make sure you take care of yourselves first. This job could be overwhelming (especially if it's your first big kid job like it was for me), so reach out if you need it and do things you enjoy. I am so excited for what this year has in store for us and can't wait to meet you soon! P.S. I have the amazing, once-in-a-lifetime opportunity to work with my sister this year! If you see us, say hi! ☺

C.A.W Team

Hi friends! My name is Vanessa Blaylock, and I am the Resident Director for Campus Apartments West. I am a Texas native, however, I attended Pitzer College for my undergraduate studies where I worked in nearly every department of student affairs and was able to find involvement in higher education as a NASPA Undergraduate Fellow. Following PZ, I was able to join the Americorps with City Year Dallas while earning my Masters in Higher Education and Administration with Louisiana State University. Geaux Tigers! Before transitioning back into student affairs after the Corps, I felt a need to continue my service in the community as an educator in primary education. Now almost two short years later, I am so fortunate and excited to be a part of the UCR ResLife team! Outside of UCR and work, I have two dogs named Walle and Eva, and I'm also a soccer referee as well as a Disney girlie. The Winter Quarter was so eventful which makes me really looking forward to jumping into the Spring Quarter with everyone

Hi, my name is Jazmin Garcia! I'm one of the resident director's for CAW. Heeeeey! I'm Stephanie, or you can call me Steph-and my pronouns are she/they/ellx. This is my third year working for ResLife and my second year serving as an ARD in CAW.

I grew up in the IE and spent my time in Community College up in NorCal before returning here to finish up my undergrad. My three majors are 1. Education, Society, and Human Development with a concentration in Community Leadership, Policy, and Social Justice; 2. Gender and Sexuality Studies; and 3. Public Policy under the Health/Population and the Social/Cultural/Family Policy Tracks. I have a cat named Tiger and live on campus with my child and partner. ResLife is full of opportunity and you will only get back as much as you put into it. It's a pleasure to have a chance to work with all of you and learn together as we try to make a difference in the lives of our student residents for the brief time they spend with us. I have a passion for advocacy, networking, and connecting folks to resources so if I can be of assistance to you moving forward please let me know. If there is any advice I could give to myself when I first entered ResLife it's that things change very quickly so remain flexible with yourself and others, and enjoy this time because it does go by faster than you think it will!

Glen Mor Team

Hi! My name is Karlie Baker (she/her), and I am the RD for Glen Mor South (buildings F, I, G, and L). Most importantly, I am a mom. I have a 4-year-old son (J.T.) and an 18-year-old stepson (Tobias). I am married to my husband (Victor). All of them live with me in my Glen Mor apartment. I am also a first-generation Portuguese American. My father immigrated to SoCal from the Azores when he was a child, and I was the first person in my family to graduate from college. I am also bisexual and have a passion for talking about bisexual invisibility, especially when you are in a straight-passing relationship... so you may hear me talk about that. I also identify as fat and try to bring to light issues that bigger bodied people face. (Like why do they always set up chairs so close together in an auditorium?) I love all things Disney, musical theatre, and am getting back in to playing PokéMon Go (feel free to send me your codes if you want to be friends). Professionally, this is my eighth year as an RD. I have been at UCR for about 3.5 years and was at the University of San Francisco as an RD before this. I really enjoy getting to know you all! Reach out if you would like to connect! Enjoy training!

Hello everyone, My name is Kasani Autrey and I am the new RD for Glen Mor North apartments. I graduated with my Bachelors from CSUF and with my Masters from USC. Hi! I hope that everyone is doing well and had a great summer break! My name is Anh-Tho Nguyen, and I am going to be the ARD for North Glen Mor for this year. I am so excited to meet everyone and learn from you all! I have been a part of the department for the past two years as an RA in Dundee. From this role, I have been able to grow professionally as I get to meet different students and interact with various supervisors, and I hope you have an amazing experience as well. In my free time, I enjoy spending time with family, traveling to different places, reading, and watching K-dramas. You can often find me studying at Starbucks, so please feel free to come up and say hello! You can always come up to me for help whether that be academics or professional development, I want to be a resource for you all! I hope that you learn a lot from this job like I have, and I cannot wait to start the year with you!

Greetings everyone, My name is Gabriela, Gaby for short. I am currently a graduate student for UCR's Teacher Education Program, pursuing a M.ED in Education & single subject credential in Social Science. Prior to this I completed my undergrad here at UCR as a Studio Art & Education Major + Ethnic Studies Minor. If you have any interest in these departments or programs you are welcome to reach out. I am happy to answer any questions & offer academic support. Alongside my studies, I have been involved with Residential Life serving our Campus Apartments communities as an RA and ARD. I can truly say that ResLife & the amazing people within it have positively impacted my academics as well as my personal and professional development. With that said, I hope to be a resource for you all as you start or continue your time here with Residential Life. I also host community art sessions like Art Sessions with an ARD and Art Talk, which you and your residents are always welcome to! Oh and most importantly, I really like Spider-Man! So, if you ever want to talk about all things Marvel I'm here for that too.

- During training, we will be using microphones for audible accessibility - we will aim to have two mics, one for the presenter(s) and one for engagement with attendees. We have been doing this through pro-staff training and are aiming to maintain this practice through student leader training and large department trainings during the academic year. We appreciate your involvement in this practice
- Please bring writing / note-taking supplies. You're welcome to use laptops, but please remain engaged and paying attention to the material and presentations.
- Please bring your own respective water and snacks. Hydrating will be key these long hot summer days.
